ARRIVAL PROCEDURES

PASSENGERS AND CREW ARRIVALS

MEET AND GREET

A Universal Aviation staff member will greet you on the ramp upon arrival. After passengers and crew disembark, they will be loaded into a Universal vehicle and driven to the Seletar Business Aviation Center (SBAC) for CIQ processing. Passengers and crew may wait in the lounge while everyone is being processed.

Both passengers and crew will have to fill out the [SG Arrival Card](#) prior to arriving at WSSL. After all passengers and crew clear customs and immigration, a staff member will escort them to their ground transportation vehicle on the landside of the SBAC. There is limited parking available at the SBAC landside; however, drivers can wait at the nearest public Carpark located just across SBAC, less than a minute away.

The Universal team may be reached on our radio frequency, 131.025MHz.

LUGGAGE

HANDLED VIA A UNIVERSAL STAFF MEMBER AND PORTERS

Porters will transport your luggage from the aircraft to the Seletar Business Aviation Center. Your luggage is never left unattended. A staff member will assist with processing all luggage through security and customs while passengers and crew watch. Upon clearing CIQ, everyone's luggage will be transported and loaded onto their ground transport vehicles.

PARKING

PARKING BAY

A parking bay will be assigned approximately 3hrs prior to arrival. Air traffic control will guide the crew to the parking bay upon arrival.

DISABILITIES

Depending on the passenger's mobility, they will be assisted by a trained Universal staff member and escorted to the Seletar Business Aviation Center for CIQ clearance. Access ramps are at the Seletar Business Aviation Center for those using mobility devices and wheelchairs.

PETS

DOGS AND CATS ARE ALLOWED IN SINGAPORE

Before you can [bring your pet to Singapore](#), you need to identify if the breed of the dog or cat is allowed in Singapore and review the exporting country's rabies risk category. Pets must have current vaccine records and a Veterinary Health Certificate. If applicable, you may need to obtain a [Dog License](#). After applying for the Dog License, you must apply for an [Import Animal License](#) via GoBusiness Licensing Portal. The Import Animal License is valid for 30 days from the date it was issued.

Five days before arriving in Singapore with your pet, you must schedule an appointment for a pet inspection. If you fail to schedule an appointment before arriving, you will be charged an additional \$80. Submit your request for a pet inspection via the [Intelligent Food Approval and Safety Tracking System \(iFAST\)](#).

ASSISTANCE DOGS

REQUIREMENTS TO ENTER SINGAPORE

An assistance dog is a dog trained to assist a person with a disability. The dog must fulfill specific requirements before it is recognized as an assistance dog eligible for import or export. Emotional dogs are not approved as assistance dogs and must comply with the standard requirements and procedures. Review the criteria from the Republic of Singapore and [The Animals and Birds ACT \(CHAP .7\)](#)
