ARRIVAL PROCEDURES

PASSENGER AND CREW ARRIVALS

DOMESTIC ARRIVALS: LOW-RISK CITY

A shuttle will take passengers and crew directly to the FBO if the flight arrives from a low-risk city. Before meeting their ground transport vehicle, passengers and crew must have their temperature taken in the FBO. Porters will handle all luggage.

DOMESTIC ARRIVALS: MEDIUM TO HIGH-RISK CITY

If the flight arrives from a medium to high-risk city, a shuttle will take passengers and crew to Terminal 1. A PCR COVID test will be given to passengers and crew before they can leave the airport.

INTERNATIONAL ARRIVALS: MEET AT TERMINAL 2

Upon arrival, a customs and immigration officer will board the aircraft for inspection. Once all passengers have been cleared, they may disembark the aircraft and board the shuttle to Terminal 2 with their carry-on luggage. All luggage will be disinfected and transported in a different vehicle to Terminal 2. Passengers will need to clear CIQ at Terminal 2. A CDC officer will transport passengers to the quarantine hotel once they clear CIQ.

After the aircraft is disinfected, the crew will need to wait 30 minutes before starting their post-flight checklist. Once the crew disembarks, a shuttle will take them to Terminal 2, where they need to clear CIQ.

IMPORTANT: CREW MEMBERS FROM INTERNATIONAL ARRIVALS

Crew members from international arrivals must wear N95 masks, face shields, and gloves the entire time they are on the ground. CDC inspectors will be on the ramp, and CCTV will monitor the handling processes to ensure the crew wears the required N95 masks, face shields, and gloves.

LUGGAGE HANDLING

Luggage is handled by a porter and transported via a separate vehicle. Security may inspect luggage if unexpected items are detected. Your luggage is never left unattended. Once everybody is ready to leave the airport, a porter will load the luggage pieces into the ground transport vehicle.

PASSENGERS WITH DISABILITIES

WHEELCHAIR AVAILABLE

A wheelchair is available upon request. A staff member will assist passengers with disabilities in deplaning and transport them to Terminal 2.

COVID-19 SAFETY

Before entering China, the crew and passengers must have the green health code, green itinerary code, and PCR test results. Contact your Universal Support team for the most current Covid-19 updates and regulations.

DEPARTURE PROCEDURES

PASSENGERS AND CREW DEPARTURES

DOMESTIC DEPARTURES: MEET AT YT FBO

Passengers and crew should arrive at the FBO 30 minutes prior to departure. A staff member will meet them at the entrance of the YT FBO. They will assist everyone with their luggage and bags. Passengers and crew must clear security before boarding the ramp shuttle, which will take them to the aircraft for departure.

INTERNATIONAL DEPARTURES: MEET AT TERMINAL 1

Passengers and crew will be greeted by airport staff at Terminal 1. They will be escorted to the check-in counter. Staff will assist passengers at the check-in counter. Once all passengers and crew have checked in, they will be escorted to the CIQ area for processing. After CIQ is completed and everyone has been cleared, passengers and crew will board a ramp shuttle to the aircraft for departure.

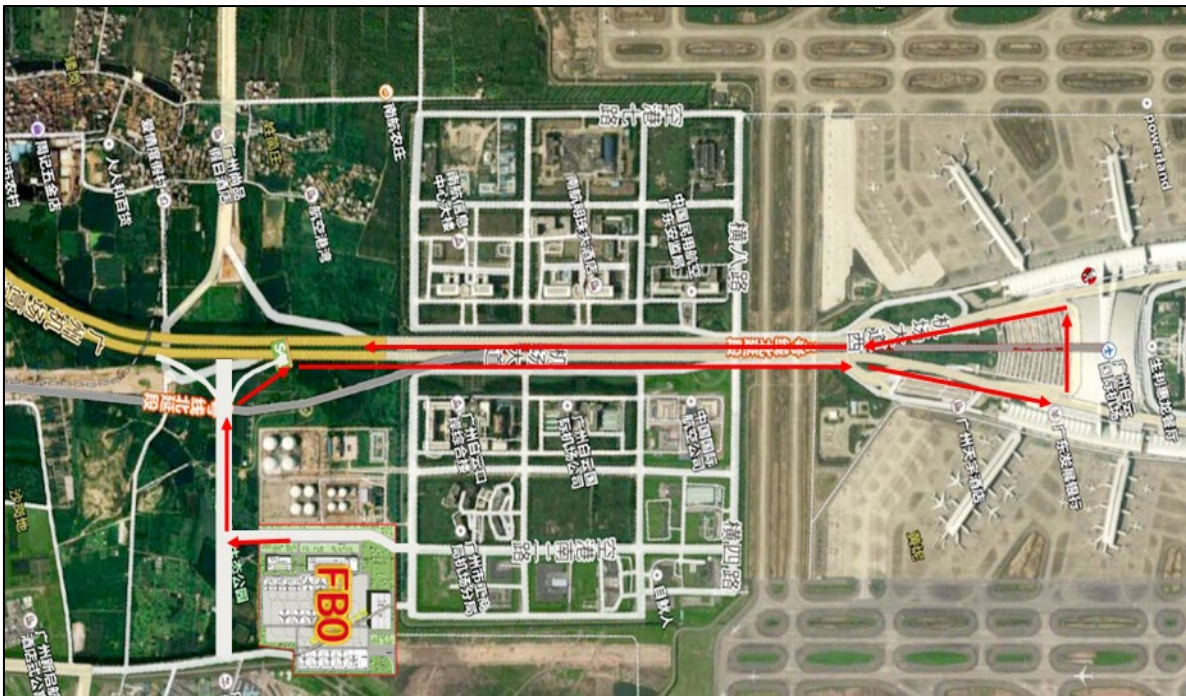

LUGGAGE HANDLING

Luggage is handled by a porter and transported via a separate vehicle. Security may inspect luggage if unexpected items are detected. Your luggage is never left unattended. Once everybody is ready to depart and cleared security, a porter will transport and load the luggage in the aircraft for departure.
